Chennai, TN

Professional Summary

As a UX/UI Designer, I specialize in user research, wire framing, and prototyping to create intuitive, user-centered designs. Proficient in Figma, Adobe XD, and Sketch, I am dedicated to solving problems and enhancing user experiences through collaboration, creativity, and innovation.

Projects

Ezyread - Blog mobile application

(Dec 2023 - Jun 2024)

The EzyRead Blog app improved user experience through Design Thinking, achieving 25% better task completion and positive user reception, demonstrating effectiveness in user-centered design.

Trackfit - dashboard UI design

(Jun 2024 - Jul 2024)

Created an intuitive TrackFit dashboard through user research, personas, and iterative testing, emphasizing clean design and engaging interactions to optimize data visualization.

Zapato - responsive website design

(Aug 2024 - Nov 2024)

Black shoe shopping website with AR integration, offering high-quality visuals and smooth navigation for immersive online footwear exploration.
